RECEIVED

RE: Application for extension of Certificate of Convenience and Necessity
Docket No. # W-02740A-05-0089. Requesting extension of time for procedural
hearing set for May 30, 2007 on this matter.

Dear Ms. Chukwu,

The principles of ABRA Water Company and Antelope Lakes Water Company met with the Arizona Corporation Commission Staff on May 16, 2007 to discuss a possible resolution of the conflict in CC & N for the NW ¼ of Section 27, which is claimed by both ABRA Water Company and Antelope Lakes Water Company.

The matter was discussed for approximately 2 hours by the staff and principles. Staff, in particular Mr. Olea the Assistant Director of the Utilities Division, was of the opinion that the restoration to ABRA Water Company of the area in question by the Court order in 1975 would likely be restored to the ABRA CC & N.

The CC & N granted to Antelope Lakes Water Company was either void ab initio or voidable which would entail hearings before the Corporation Commission and possibly court action. Mr. Olea recommended that the parties work together to see if the matter can be resolved, which the parties agreed to consider and then had a preliminary discussion at that time.

Provided this matter is resolved and the CC&N is restored to ABRA Water Company a request for an extension of the Antelope Lakes Water Company CC & N to the Wineglass Lakes Estates area would not be an extension of the CC & N but could be treated possibly as an application pending, on which most of the work has been completed except approval by the Arizona Corporation Commission, Arizona Department of Water Resources, and the Arizona Department of Environmental Quality of the arsenic treatment system which has been submitted by Analytical Water Solutions, LLC.

Request in hereby made for an extension of time of 120days in order to work with ABRA Water Company on a desired resolution of the conflicting CC & N matter. In event of resolution, we would be able to proceed with the application of Antelope Lakes Water Company not as an application for extension, but as an original Application to proceed under the direction and orders of the hearing officer.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul D. Levie", with a large, sweeping loop at the end.

Paul D. Levie
President
Antelope Lakes Water Company
